WHAT I WANT TO GET OUT OF THE NETWORK:

- New experience and knowledge.

WE ARE THE ORGANIZATION THAT:

- Our customers are technology oriented companies and start ups;
- offers consulting to start-ups, young entrepreneurs, students and graduates on all questions concerned with starting a business - both before and after founding;
- Technology-oriented and knowledge-based start-ups may be included in the state-funded "TechnoStartUp MV" program offering intensive and competent support for up to twelve months. All other business and start-up ideas can be accompanied by partners from our extensive network;
- We provide you with access to representatives from research and/or economy as well as regional stakeholders;
- We are experienced in Interreg, SouthBaltic and Central Europe projects;
