WHAT I WANT TO GET OUT OF THE NETWORK:

- database of brokerage events;
- business, technology and research database;

WE ARE THE ORGANIZATION THAT:

- is focusing on support start and development of small and medium innovative businesses;
- taking care of clients: large companies, SMEs, networks and clusters;
- specializes in large datasets, large contact base and information services;
- started and developed business incubator and technology park;
- is providing its tenants with shared services and advisory in creation of business plans;
- is a part of important national and transnational networks supporting development of SMEs;
- offers to regional companies access to cooperation with international partner;
