WHAT I WANT TO GET OUT OF THE NETWORK:

- cooperation and networking amongst individual entities;
- promote cooperation between individual entities (in the form of clusters, etc.);
- increase awareness of the entities;

WE ARE THE ORGANIZATION THAT:

- is focusing on sustainable production technics and industry 4.0;
- is taking care of clients: regional authorities, local authorities, large companies, SMEs, networks and clusters;
- specializes in large contact base, education services, information services, dissemination services and accessing the general public;
- has major success in the field of:
 - + supporting and developing the business environment;
 - + advisory and consultancy activities,
 - + a wide range of services for entrepreneurs, non-enterprising legal bodies and for public;
- carries out specialized multinational projects;
- holds a range of trainings, seminars and workshops based on the needs and interests of businesses;
- verifies certificates on the origin of goods, issues ATA carnets for temporary export of goods;
