WE ARE THE ORGANIZATION THAT:

- brings together a group of about 100 members including enterprises from metal industry, scientific and business support units which operate in three voivodeships: Lubelskie, Podkarpackie and Świętokrzyskie;
- wants to increase the competitiveness and innovativeness of companies and the entire region through the cooperation of cluster members between each other and research and development centers;
- has organized a number of trips abroad to trade fairs and industry missions;

WHAT I WANT TO GET OUT OF THE NETWORK:

- to establish more business contacts and expand sales markets;
