WHAT I WANT TO GET OUT OF THE NETWORK:

- cross-country collaboration;
- exchange of good practices;
- new contacts;

WE ARE THE ORGANIZATION THAT:

- focus on business-academia collaboration, promotion of science, innovation support for business and organization of innovation ecosystems;
- our target groups are SMEs, researchers and business support organizations;
- our best offers are innovation support and conducting in-depth analyses and feasibility studies regarding the organization of innovation ecosystems and setting up technology&innovation centers;
- has extensive contacts in business and academic environment in Slovenia and internationally, has knowledge and capacity to organize and coordinate an innovation ecosystem;
- has advanced experiences in international arena, from participating in various international projects, organizing different international events to membership in different international networks;
