ADDRESS:

Corso Duca degli Abruzzi
24 - 10129 Torino
ITALY

WHAT I WANT TO GET OUT OF THE NETWORK:

- to network and find collaboration opportunities;

WE ARE THE ORGANIZATION THAT:

- is the point of reference in Politecnico di Torino for the areas of knowledge concerned with energy and sustainable development;
- aims at improving the existing energy technologies and promoting new ones, as well as contributing to the rational and informed use of energy resources;
- targets local community and industries in the fields of thermodynamics and thermo-fluid dynamics, fluid machines, energy systems, combustion, physics of nuclear reactors and plasmas, nuclear plants, principles of electrical engineering, electrical machines, electrical drives and power electronics, electrical power systems, thermophysical and electromagnetic properties of materials, indoor environment engineering, lighting, and acoustics;
- promotes, coordinates and manages basic and applied research, training, technology transfer and services;
