ADDRESS:

1, Via Monti,
10144 Torino, Italia

WE ARE THE ORGANIZATION THAT:

- is specialized in energy saving, waste disposal, clean energy, new materials and fundraising, is an innovation accelerator for businesses looking to use eco-efficient solutions to expand their markets;
- target businesses and public administrations with solutions to successfully innovate their activity with the use of new technologies and by changing their modus operandi;
- is a privileged spokesman for businesses investing in innovation, thanks to its role as broker of new technologies, a position that has been developed through more than 10 years' experience in the production industry;
- is divided into two business units: Innovation and Development and Real Estate Services;

WHAT I WANT TO GET OUT OF THE NETWORK:

- to connect with other participant organization and design potential future collaborations;
- to share with other SHs the pioneering experience of EnviPark
