## ADDRESS:

Via Albert Einstein, 9  
10051 Avigliana TO, Italia

## WHAT I WANT TO GET OUT OF THE NETWORK:

- cross sectorial collaboration opportunities;

## WE ARE THE ORGANIZATION THAT:

- is specialized in extrusion and co-extrusion processes of various types of thermoplastic polymers;
- our main markets are industrial refrigeration, prefabricated electrical systems, agriculture, writing and doors and windows;
- produce
- a range of products for agriculture made exclusively from recycled material and 100% recyclable;
- has great experience in R&D of new products and new technologies carried out with large companies (and with the Turin Polytechnic), which are addressed to S.B.E. PLAST considering the aptitude to experiment and create new technical solutions and production processes;
