WHAT I WANT TO GET OUT OF THE NETWORK:

- establishing contacts with other Parks and institutions of a similar nature and activity;
- implement projects, exchange experiences and share the most proven working methods and conduct a dialogue towards the exchange of information;

WE ARE THE ORGANIZATION THAT:

- is a place of cooperation between scientific and research institutions and production companies in the field of conducting research on modern technologies and market products;
- offers incubation activities which facilitate activities in the initial phase of functioning and further development;
- hosts prestigious conference and training events;
- cooperates with Partners from the world of science, business and clusters;
- rents space for technology startups, mature companies and scientific and research institutions;
- provides property and technical infrastructure, providing entrepreneurs with favorable conditions for conducting business;
