## WE ARE THE ORGANIZATION THAT:

- works in gastronomy field, giving it a new meaning. Gastronomy for our organization is not just a nutritional necessity or desire and pleasure; but a science results with a perfect mix between technical abilities, know-how, invention and the creative imagination;
- our main target are the food and wine lovers from all over the world / Everybody wants to deeper his knowledge about food and wine in a practical and theoretical way;
- our daily environment is international, 44% of our students are foreigners and they represent 87 different countries;
- has international, multidisciplinary and high professional staff;

## WHAT I WANT TO GET OUT OF THE NETWORK:

- to connect with other participating organizations for potential future collaborations;
