WHAT I WANT TO GET OUT OF THE NETWORK:

- realisation of joint ventures and projects;

WE ARE THE ORGANIZATION THAT:

- deals with the transfer of scientific research results and development works conducted by researchers;
- implements the commercialisation process of scientific research results with implementation potential, coordinates the entire commercialisation process and sets strategic conditions for knowledge and technology transfer;
- establishes relations with the economic environment, scientific and local government units in the scope of implementation of joint research and development projects, and initiates joint implementation works;
- implements projects co-financed by the European Union;
- conducts R&D services on behalf of entrepreneurs (including i.e. the "Innovation Vouchers");
